

Sixth Form Centre

# YOUR SUCCESS STORY STARTS HERE.

Outreach Opportunities  
with Burnley College.

# HERE AT BURNLEY COLLEGE WE STRIVE TO GUIDE STUDENTS IN MAKING THE RIGHT DECISIONS IN THEIR NEXT STEPS OF EDUCATION.

**Our dedicated School Liaison Team can provide expert information and guidance on all full-time and apprenticeship options.**

We offer a range of workshops to help prepare students for college, including class sessions, presentations, assemblies, drop-in sessions, open events and campus tours, alongside exciting opportunities to prepare students for College life and beyond.

# OUR OFFER

Please note: if you would like us to run any sessions that you don't see listed, please get in touch.

## Assemblies

We currently offer the following assemblies:

- Post 16 Pathways (aimed at Year 11)
- Themis Apprenticeships (aimed at Year 11)
- Options (aimed at Year 8 and 9)

## Drop-In Sessions

We are able to attend school at a time convenient to your students so we can be available for all of your students' questions, to check application statuses, or to offer friendly advice and informational materials. We can set up these sessions in a communal area so students can access us freely.

## Class Sessions and Subject Masterclasses

We offer a range of classroom-based sessions, available to be delivered on-site in school. These can be careers focussed with our School Liaison Team (see further details on pages 6-7) or Tutor driven subject masterclasses, designed to enhance your curriculum and ignite a passion in your learners for further study.

We can deliver either within the school timetabled lesson hours across a period of weeks, or in one PSHE/Drop-Down Day.

## Campus Tours

Students and their families can book a Campus Tour to explore their study options and pathways; get a feel for the amazing spaces in which students will learn; and meet our friendly Support Staff who make the transition from school to College – and beyond – run smoothly.

These can be booked via:

<https://www.burnley.ac.uk/sixth-form-home/book-a-tour/>

## Parents / Options Evenings

We are keen to support you in providing the best advice and guidance possible for learners' next steps, and understand how important it is to educate parents and guardians on further education opportunities.

We are able to provide advice on courses, learning styles, entry criteria and information about applying, enrolling and travelling to College. Please contact us directly with a list of any events you'd like us to support, either in-person or virtually.

## Mock Interviews / Careers Fairs

We are always available to support you at Mock Interviews or Careers Fairs, either in person or remotely - please contact us directly to book these in - we may also be able to provide subject/area specialists to offer bespoke advice and guidance.

Our students are able to access a range of motivational BC Talks, from influential guest speakers such as former chairman of the Professional Players' Association (and Burnley FC legend) Clarke Carlisle.

We are offering you the opportunity to get involved with us. We can provide virtual links (live or pre-recorded), or the opportunity to attend on-site at College - these talks cover a range of areas, including: Inspirational, Health and Wellbeing and Careers focussed.

**These are a great opportunity to help you with those all important Gatsby Benchmarks.**

Planned talks for the academic year include a Q&A with Double Olympic Gold Medallist Steven Burke, and Business Enterprise with Will Shepherd: inventor of the Heinz snack pots, among others.

Please get in touch with us if you wish to take up some of these exciting opportunities

# WHAT'S NEW FOR YOU?

## Extra Curricular Opportunities

We have a multitude of different Extra Curricular clubs for students to get involved with whilst they are a Burnley College Sixth Form Centre student. We are offering a taste of this experience to your current school students, of all ages. Various clubs and activities will be available for your students either outside of school time, or within your school's own enrichment programme.

Sessions available include: Esports, Lego Innovation and Climbing, amongst others. Please get in touch with us to discuss some options available to fit within your programme.

## Community Projects

We're excited to be able to offer, in conjunction with our specialist Tutors, the opportunity to complete some large-scale projects within the local community. Using our specialist equipment and facilities, students can work over a period of weeks to create benches or planters for the community or your school, or build a fully-fledged go-kart! As well as being fun and rewarding, it's a great opportunity to enhance their CVs, and engage with employers and the community.

Please get in touch to discuss how we can run a community project with your students.

# CLASS SESSIONS

Please get in touch if there is a class session you would like us to run which you do not see here.

## Journey to Success

---

**Suggested Year Groups:** Year 7, Year 8

This fun and interactive session will give learners the chance to play our bespoke Journey to Success board game. This gives students an overview on pathways and choices available across their educational journey..

**Skills Gained:** Communication, Decision-Making, Teamwork

**Duration:** 50 mins - 1 hour

## Options & Lifestyles

---

**Suggested Year Groups:** Year 8, Year 9

This Options year session focusses on the decisions students have to make through and after school, the impacts of these on their lifestyle, and helps them develop an understanding of different career paths.

**Skills Gained:** Decision-Making, Logical Thinking, Planning, Problem-Solving

**Duration:** 50 mins - 1 hour

## **Interview Techniques/Jenga**

---

**Suggested Year Groups:** Year 9, Year 10

This session looks at the do's and do not's around interview technique to help prepare students for upcoming college or work interviews; interview skills will be put into practice with our interactive Jenga game.

**Skills Gained:** Adaptability, Communication, Confidence, Interview Skills

**Duration:** 50 mins - 1 hour

## **CVs and Cover Letters**

---

**Suggested Year Groups:** Year 9, Year 10

This session highlights what to write to ensure students have a compelling CV and cover letter. Activities include CV bingo and video challenges, and help students link their hobbies and interests into skills for employers.

**Skills Gained:** Adaptability, Communication, Self-Analysis

**Duration:** 50 mins - 1 hour

## **Post 16 Options and Future Pathways**

---

**Suggested Year Groups:** Year 11

This session explores the four pathways in great depth covering entry requirements and levels of courses. Learners will do activities on important events that happen over the course of the year, look at open event dates and what additional opportunities they can explore while being at college.

**Skills Gained:** Analytical-Thinking, Decision-Making, Planning

**Duration:** 50 mins - 1 hour
