

Disciplinary Procedure 002_P01

Purpose

- to ensure a standard approach to the conduct of Disciplinary meetings and subsequent actions
- to set out the Promoting Positive Behaviours Learner Standards
- to define types of student misbehaviour

Scope

- all students

The Procedure

All members of staff are expected to challenge any infringements of the Promoting Positive Behaviours Learner Standards and, where appropriate, report the student to their Head of Division or tutor.

All unacceptable behaviour by a student should be fully documented. Such documentation may consist of attendance/progress reports, intervention notes, incident reports and statements from members of staff and students.

The seriousness of the behaviour should be identified as minor misbehaviour, serious misconduct or gross misconduct.

Once unacceptable student behaviour has been identified, a series of actions must be taken by the division responsible for that student to acknowledge and address the misbehaviour.

The form of action taken will be dependent on the seriousness of the misbehaviour as detailed in the disciplinary flowchart.

All disciplinary meetings should be documented and all parties involved should be informed in writing of the outcome.

The Deputy Principal has the authority to permanently exclude students.

A student has the right to appeal against a decision of the Deputy Principal and this appeal will be heard by the Principal.
