PURPOSE

BURNLEY COLLEGE

BUILDING Futures
CHANGING Lives

STRATEGIC PLAN 2023-2026

STRATEGIC OBJECTIVES

- To develop mature and confident young people through excellent sixth form education with academic and vocational pathways
- To significantly expand the local range of opportunities for university education while maintaining high standards
- To make a significant contribution to the local and national economy through enhancing the personal growth, enterprise and employability of individuals
- To maintain teaching and learning and all business support processes at an excellent standard
- To promote a culture of excellence where all staff have high aspirations, positive morale and are able to grow and develop through their contributions to the College's success
- To assure stable financial health, value for money and environmental sustainability
- To maintain outstanding equality of opportunity.

GOALS 2023-26

At its June 2023 meeting, the Governing Board agreed nine key College goals for 2023-26 as follows:

- To achieve an excellent achievement rate of 90% or above with high levels of both retention and pass rates
- To ensure students achieve beyond their potential evidenced by a value added score of above +0.3
- To evidence innovative learning and teaching excellence demonstrated through at least 90% of Deep Dives graded at good or better with high levels of learning visit outcomes
- To achieve planned targets in respect of the major funding streams for University Education, Further Education, Commercial activities and projects
- To foster strong relationships with the business community by building trust and mutual respect through impactful collaborative partnerships
- To demonstrate an innovative utilisation of College assets and practices in order to maximise opportunities for the organisation through our people
- To demonstrate high levels of staff engagement, morale and support whilst maintaining a safe and secure environment as a basis for outstanding performance
- To achieve the College budget while demonstrating value for money and environmental sustainability
- To demonstrate equality of opportunity in achieving the above goals.
