

JOB DESCRIPTION

POST TITLE	:	Workshop Skills Coach in Engineering
SCALE	:	Support Scale
SALARY	:	Up to £35,394
RESPONSIBLE TO	:	Head of Division
CLOSING DATE	:	5.00pm, Thursday 15 May 2025
INTERVIEW DATE	:	Friday 23 May 2025

Main Purpose of the Post

We are seeking highly motivated candidates to work alongside academic staff and employers to support our apprentices and nurture their talent.

The role will require you to support the negotiation of their learning needs in the workshop and to support each apprentice in a tailored and individual way to develop their knowledge, skills, and behaviours.

To be effective in this role, you will need to possess excellent sector or subject knowledge as well as an understanding of professional development achieved through both On-the-Job and Off-the-Job training, professional development, and workshop learning relevant to your field of expertise.

Responsibilities

- To plan, deliver and review underpinning knowledge, skills and behaviours in a workshop learning environment and record overall progress for each apprentice.
- To form relationships with employers ensuring the success of the programme and in order to generate new business.
- To support learners in understanding their responsibilities relating to on and off job training required by the apprentice.
- To be responsible for an agreed workshop section and to ensure performance targets are met.
- To provide coaching and skills support to ensure successful completion of EPA.
- To set achievable tasks and provide support throughout the apprentice journey including assisting the apprentice to be prepared for qualification, end assessment, and other knowledge tests
- To provide pastoral support to apprentices as required advising on areas such as mitigating circumstances and extensions.

- To recognise additional learning needs and signpost apprentices to any specialist support as needed.
- To provide advice and guidance where necessary regarding Safeguarding and Prevent to support apprentices and be responsible for ensuring that the workplace provides a safe environment by completing Health and Safety Assessments.
- To communicate effectively with apprentices using appropriate tools and hold regular meetings (frequencies to be agreed with your line manager) with apprentices, their employers, and academic staff.
- To work with academic colleagues supporting the agreement of on and off job development plans with the learners and monitor and record progress with this to ensure that the College remains compliant.
- To participate in relevant professional development.
- To assure full compliance with key policies, notably Single Equality, Health and Safety and Safeguarding.
- To carry out such other duties as the Principal may reasonably require.

HOURS:

37 hours per week. A flexible approach to the working hours is required, in line with the needs of the College.
