

Dear Student

Thank you for enrolling on a programme with Sport, Fitness and Beauty.

To encourage professional behaviours and standards it is a requirement of the Division to wear practical uniform. You will be required to wear your uniform for practical lessons and events that you may be asked to be involved in.

You will also need to purchase a kit and resources (practical kit) to assist you in your studies. You will receive a leaflet with QR codes. These QR codes will take you to two websites where you can purchase uniforms and the practical kits.

Additionally, you receive a QR code to purchase an essential textbook that will aid your studies.

To ensure that you have all the essential equipment needed for your programme of study, please order as soon as possible to prevent any backlog.

Should you require financial support, please speak to our Student Services team located on the First Floor.

The Student Bursary Application Form can be found on the college website.

If you would like any further assistance, please contact a member of the team on 01282 733145/ 733022 or via email - sports@burnley.ac.uk.

Yours sincerely,

Bradley Pates

Head of Division

Division of Sport, Fitness & Beauty
